

O X L E Y ' S

TIMELESSLY ELEGANT OUTDOOR FURNITURE

A close-up photograph of a white metal table with a complex, repeating scrollwork pattern. In the upper left corner, a clear glass vase holds several orange flowers with green leaves. In the upper right, the back of an orange chair is visible. The background is a plain, light color.

*Excellence is not
an act, it is a habit.*

I MOBILI OXLEY'S

Oxley's è un'Azienda inglese che realizza eleganti mobili da giardino per i clienti esigenti. Abbinando il nostro design classico e la nostra ampia gamma di colori alla vasta scelta di tessuti da esterno disponibili siamo in grado di creare un look unico per tutti i nostri clienti. Consegnamo in tutto il mondo e i nostri arredi adornano le case più belle che si possano immaginare. I nostri mobili sono realizzati per stare all'esterno tutto l'anno dovunque si trovi l'abitazione.

Non vi pentirete mai di aver investito sui Mobili Oxley's.

BIENVENIDO A MUEBLES OXLEY'S

Oxley's es una empresa inglesa que fabrica elegantes muebles de exterior para clientes exigentes. Gracias a la combinación de nuestros diseños clásicos y variedad de colores, unido a una amplia gama de materiales para exterior, creamos un estilo único para todos y cada uno de nuestros clientes. Realizamos entregas en todo el mundo. Nuestros muebles decoran algunas de las residencias más hermosas que se pueda imaginar. Nuestros muebles están creados para permanecer a la intemperie todo el año y en cualquier lugar.

No se arrepentirá de invertir en Muebles Oxley's.

HERZLICH WILLKOMMEN BEI OXLEY'S MÖBEL

Oxley's ist ein englisches Unternehmen, das elegante Gartenmöbel für anspruchsvolle Kunden herstellt. Durch das Kombinieren unserer klassischen Designs und reicher Farbpalette mit einem breiten Angebot an Outdoorstoffen, kreieren wir für jeden unserer Kunden einen einzigartigen Stil. Wir liefern weltweit und unsere Möbel zieren manche der denkbar schönsten Immobilien. Unsere Möbel werden hergestellt, um das ganze Jahr über draußen, an ihrem Platz zu stehen.

Sie werden es nie bereuen, in Oxley's Möbel investiert zu haben.

BIENVENUE DANS LE MOBILIER OXLEY'S

Oxley's est un fabricant anglais de mobilier d'extérieur élégant destiné à une clientèle exclusive. En alliant nos designs classiques et notre riche palette de couleurs à une large gamme de tissus d'aménagement extérieur, nous apportons une création unique et originale à chacun de nos clients. Nous livrons dans le monde entier et notre mobilier orne certaines des plus belles propriétés qu'on puisse imaginer. Notre mobilier est fabriqué pour rester dehors toute l'année, où que ce soit.

Vous ne regretterez jamais d'avoir investi dans du mobilier Oxley's.

ДОБРО ПОЖАЛОВАТЬ В OXLEY'S FURNITURE!

Oxley's – это английская компания, изготавливающая садовую мебель проницательных клиентов. Сочетая классический дизайн, нашу богатую палитру цветов и широкий ассортимент тканей для садовой мебели, мы создаем уникальный внешний вид для каждого из наших клиентов. Мы доставляем продукцию в любой уголок мира, а наша мебель украшает самые прекрасные места. Наша мебель создана, чтобы оставаться на открытом воздухе круглый год.

Вы никогда не будете сожалеть о средствах, вложенных в приобретение Oxley's Furniture!

WELCOME TO THE VERY BEST IN OUTDOOR FURNITURE

Oxley's make outdoor furniture unique to each customer and as resilient to environmental conditions as technology allows, wherever in the world it is to be situated.

In this brochure and accompanying pricelist we seek to illustrate some of the endless combinations of design, metal colour and fabric which allow our customers to create exactly how they want their furniture.

OUR COMPANY VALUES

We have been producing fine cast and fabricated aluminium furniture from our Cotswold factory in England since 1991.

Ever since we started our business we have believed in trying to manufacture the best outdoor furniture in as sustainable way as possible. Aluminium is one of the world's most recycled manufacturing materials. From drink cans to car alloy wheels and airplane parts, so many manufactured items are made of aluminium. All these items are recyclable.

Our components come from foundries where this recycled aluminium is graded, mixed and calibrated into the correct, highest grade, aluminium alloy with which we make our exceptionally strong and durable furniture.

Aluminium is the perfect material for all-weather furniture. When properly treated it does not rust, it is far lighter than other metals so chairs and tables can be easily moved, but most importantly it requires no maintenance to keep it looking good. The quality of aluminium furniture you buy depends on the quality and quantity of the metal used in its manufacture and the time and care taken to prepare this for the finishing (painting) process.

Oxley's specialises in final construction of the furniture and the finishing, thereby being able to guarantee our exceptional quality. Our furniture is made to last generations.

You will never regret investing in Oxley's furniture.

FURNITURE COLOURS

Oxley's furniture is available in a range of 21 colours. The plain colours are high grade architectural polyester powder finishes which are applied electrostatically and cured in our high temperature ovens. Each plain colour comes in either a smooth or a textured finish.

Our classic finishes go through a further hand finishing process which gives them their unique and beautiful patina. The different finishes are shown on these pages. Should you wish to see exact matches we are more than happy to send you colour swatches in the post. Furniture can also be matched to RAL colours.

FURNITURE FABRICS

Standard Fabric Cushions

All our standard cushions are made with Sunbrella® Fabric, perhaps the world's best known outdoor fabric manufacturer. These fabrics are comfortable and shower proof, while withstanding the effects of fading from UV light, mildew, chlorine and atmospheric chemicals.

Enhanced Fabric Cushions

Our collection of enhanced fabrics are engineered to last years without losing their unique properties:- colourfastness, durability, water and stain repellance. These fabrics provide an exceptional combination of functional strength and sensory softness. They are made from solution dyed acrylic fibres and specially developed to be strong, durable and resilient. UV pro fabrics ensure quality and longevity for years to come and they always remain soft to the touch. We also make many cushions for our customers in fabrics chosen by them (COM) and we can include braiding and tassels.

Examples of the variety of outdoor fabrics available in combination with Oxley's furniture colours.

Furniture Covers

These are a quick and easy solution to outdoor season cushion storage. We make them for furniture featuring our sumptuously big cushions. Our protective covers are designed to withstand rain and keep cushions clean. They are not completely waterproof in severe conditions or suitable for long term winter storage.

PRODUCTION

Our furniture is made in a combination of castings and profiles. For the castings the molten recycled aluminium is poured into sand moulds which have been shaped to the form of the original hand carved design. The metal cools in its own time and the sand mould is then broken (each mould can only be used once) to extract the new casting.

Each casting is then worked by hand until it is ready to be welded to another casting or profile. The profiles can be formed to create different frame shapes. Each item of furniture is thus built up slowly using many individual pieces until finally it is complete. It then goes through the blast process where it is pelted at enormous velocity with manganese shot to remove any rough edges and create a physical key for the paint process. We apply a chemical primer and then the final colour. These last two stages are done in our high temperature oven.

Aluminium is the perfect material for all-weather furniture. When aluminium is properly treated it does not rust, it is far lighter than iron so chairs and tables can be easily moved but most importantly it requires no maintenance to keep it looking good.

The quality of aluminium furniture you buy depends entirely on the amount of material that is used in manufacture and the time and care taken to prepare it before painting.

Done the Oxley's way, it will last generations.

HERITAGE

Metal garden furniture has been used in the English garden since the industrial revolution in the 18th century. Outdoor furniture was initially made in wrought iron but as sand casting became more widespread and expert, cast iron took over. By using this method outdoor furniture became opulent in the 19th century. The Victorians loved their gardens, and they adorned these spaces with urns, statues, gazebos – and, of course, chairs, benches, settees and tables.

Traditional designs including Gothic Revival, Renaissance Revival and Rococo styles were often ornate and lavishly detailed with fruit and floral motifs.

Oxley's designs mostly draw inspiration from these traditional styles rather than the current trend for minimalist outdoor furniture, whilst replacing cast iron with cast aluminium.

CARE AND MAINTENANCE

The Furniture Frame

Wash the furniture frame with a soft rag and very occasionally car soap. Unlike dishwashing detergents and other household cleaners which are best avoided, a fine car soap will not affect the finish on the furniture. A very occasional waxing with car wax will help maintain the finish.

Cushions

Fabrics should be cleaned of crumbs and other bits of food before they become embedded. This is best done by brushing and then cleaning the cover (without removing the inner) with soap and water. Sponge directly onto the stain. Allow the cushion to air dry. Always make sure that cushions are completely dry before storing for the winter.

WARRANTY

All Oxley's furniture comes with a comprehensive product warranty – a testament to years of manufacturing experience and the use of the best materials and techniques.

Structure

Oxley's extends a lifelong conditional warranty on the structural integrity of our customers' furniture. In the unlikely event that your Oxley's furniture fails structurally during normal domestic usage we will repair, refinish or replace the aluminium frame without charge. For commercial environments this warranty is 3 years.

Paint Finish

Oxley's provides a 3 year warranty on our paint finish. Should our finish peel, blister or discolour under normal wear and tear then we will repair, refinish or replace the item without charge.

Powder Finishes evolve over time as they are batch produced and may be subject to minor colour variations and whilst we therefore guarantee to produce goods matching any item we cannot guarantee an exact match between pieces on different orders.

Cushions

Standard cushion fillings and covers are guaranteed for 3 years against any manufacturing defect. The covers are made from 100% solution dyed Acrylic. The foam inners meet the requirements of Schedule 1 Part 1 of the UK Furniture and Furnishings (Fire) (Safety) Regulations 1988. Should FR treatment or back coating be required, this does not come as standard and has to be requested at the time the order is placed.

Please see our price list for terms and conditions and our website for full warranty and privacy policy.
