TIMELESSLY ELEGANT OUTDOOR FURNITURE

PRICES AND INFORMATION 2020

Oxley's factory in the Cotswolds, UK

OXLEY'S FURNITURE

We have been producing fine cast and fabricated aluminium furniture from our Cotswold factory (pictured opposite) in England since 1991.

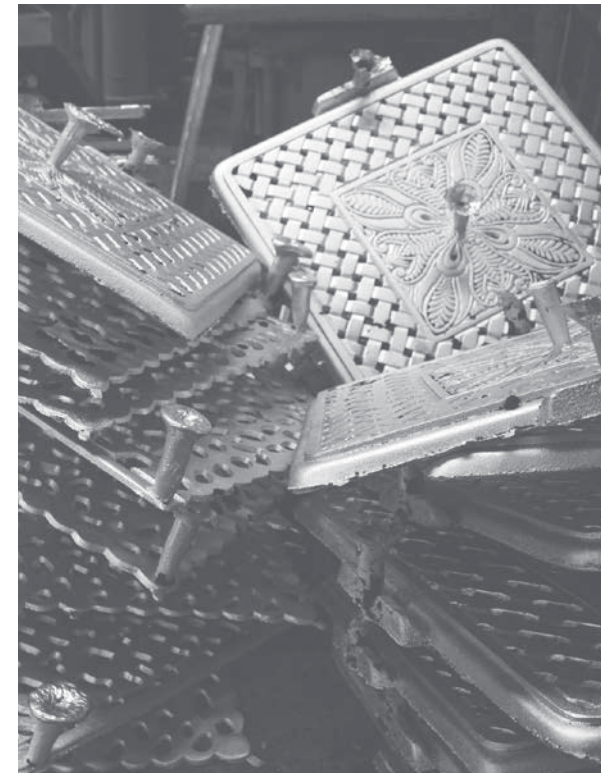

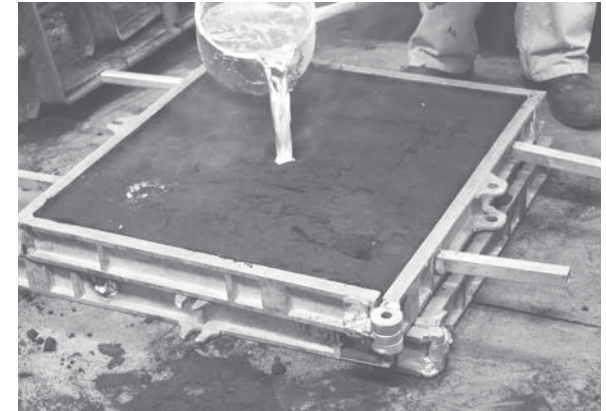

Since we first started our business we have always believed in trying to manufacture the best outdoor furniture in as sustainable way as possible. Aluminium is one of the world's most recycled manufacturing materials. From drink cans to car alloy wheels and airplane parts, so many manufactured items are made of aluminium. The aluminium from all of these manufactured items is recyclable. Our components come from foundries where this recycled aluminium is graded, mixed and calibrated into the correct aluminium alloy for us to make our exceptionally strong and durable furniture.

Aluminium is the perfect material for all-weather furniture. When properly treated it does not rust, it is far lighter than other metals so chairs and tables can be easily moved but most importantly it requires no maintenance to keep it looking good.

The quality of aluminium furniture you buy depends on the quality and quantity of the metal used in its manufacture and the time and care taken to prepare this for the finishing (painting) process.

Oxley's specialises in final construction of the furniture and the finishing, thereby being able to guarantee our exceptional quality. Our furniture will last generations.

You will never regret investing in Oxley's furniture.

GENERAL INFORMATION
CONDITIONS OF SALE

20-21

OUR PRICING

Each item of furniture in this price list has two prices and each cushion has three prices, and this is why:

Oxley's are unusual in offering all our customers the ability to choose any furniture colour and any outdoor fabric for the accompanying cushions. This means that we never make the same set of furniture twice, every single customer order is unique*.

Our pricing structure in this price list seeks to simplify the complexity of the choices available.

FIRST CHOICE:

Furniture Colour

All our furniture colours are illustrated in our brochure and on our website and we can always send metal swatches to our customers for final colour confirmation.

Standard Finishes

We offer 16 plain colour finishes as standard in our range, which normally offers sufficient choice of colour. However if a different and particular colour is needed we can finish the furniture in any RAL colour specified.

Classic Colours

When Oxley's was started back in 1991, the company was the first to make outdoor furniture in weathered colours. As many metals age they take on a different patina which is more interesting and gives it greater depth of colour. This applies particularly to bronze, copper and lead. Oxley's became expert in copying these effects of time to create what we called Verdigris finishes. This time consuming process can only be done by hand and requires a great deal of experience. For this reason these classic colours, Antique Gold, Titanium, Bronze Verdigris, Tuscan White, White Silver and Slate Silver are priced separately.

SECOND CHOICE:

Cushion Fabric

We are privileged to work with the best fabric houses in the world who produce an enormous variety of beautiful outdoor materials.

These are essentially all made of the same materials, specifically solution dyed acrylics and have more or less the same durability in the outdoor environment against moisture, sunlight, chlorine and mould, but they vary greatly in colour, pattern and texture and hence price.

Standard Fabrics

Our standard fabrics are any of the plain colours made by Sunbrella®, probably the best known brand of outdoor fabric. Just by choosing from Sunbrella's range of plain fabrics gives enormous choice.

Enhanced Fabrics

Our range of enhanced fabrics are patterned and/or textured and are made by JAB International® and Sunbrella®.

Customers' own Material (COM)

Customers often want to source and supply their own choice of fabric from different collections available around the world. In this instance we provide the exact quantities of fabric required for each item we are making and once the fabric has been supplied to us we will use it to make up the cushions for the order.

*Although each order is unique, the process of manufacture of every item to ensure it is completely weatherproof, wherever in the world it is to be situated, is constant.

GENERAL INFORMATION

PRICING

Each product is priced exclusive and inclusive of UK VAT at 20%.

DIMENSIONS

All measurements are quoted in centimetres and kilograms and are as accurate as the handmade nature of our furniture allows. Sizes for items denote the area needed to accommodate them. If the size of a particular chair seat is needed please contact us. Minor deviations from the listed size may occur from time to time and Oxley's cannot accept any liability for any such deviation. The items illustrated are not shown in scale in relation to each other.

FURNITURE COLOURS

Oxley's furniture is available in a range of colours. The plain colours are high grade architectural polyester powder finishes which are applied electrostatically and cured in our high temperature ovens. Each plain colour comes in either a smooth or a textured finish. Our classic finishes go through a further hand finishing process which gives them their unique and beautiful patina. The different finishes are shown in our brochure. Should you wish to see exact matches we are more than happy to send you metal colour swatches in the post.

STANDARD FABRIC CUSHIONS

Our standard cushions are made with Sunbrella® fabric, perhaps the world's best known outdoor fabric manufacturer. Solution dyed acrylics are comfortable and shower proof, while withstanding the effects of fading from UV light, mildew, chlorine and atmospheric chemicals. The range of plain colours in our standard range is unparalleled.

ENHANCED FABRIC CUSHIONS

Our collection of enhanced fabrics are engineered to last years without losing their unique properties:- colourfastness, durability, water and stain repellence. These fabrics provide an exceptional combination of functional strength and sensory softness. They are made from solution dyed acrylic fibres and specially developed to be strong, durable and resilient. UV pro fabrics ensure quality and longevity for years to come and they always remain soft to the touch.

As our brochure illustrates, the extensive range of fabric designs and colours mean that customers choosing enhanced fabric cushions to go with their Oxley's furniture are getting the most beautiful, yet practical and functional outdoor furniture available.

PROTECTIVE COVERS

These are a quick and easy solution to outdoor season cushion storage. We make them for furniture featuring our sumptuously big cushions. Our protective covers are designed to withstand rain and keep cushions clean. They are not totally waterproof in very heavy weather.

CONDITIONS OF SALE

DELIVERY AND PACKAGING

All prices are quoted ex factory. Our furniture is delivered to customers all over the world and we can quote for delivery to any country based on the m³ of the items required. Our standard packaging has each piece of furniture individually bubble-wrapped and then encompassed in a foam protective layer. This is designed for the dedicated delivery door to door service for which we normally quote. When enhanced heavy duty packaging is required for general freight delivery we have to charge for the extra boxing. When the furniture arrives we ask all our customers to check it before signing the delivery note, to confirm that it has not been damaged in transit. Customers are also welcome to organise collection of their furniture from our factory and we will provide a full packing list with box dimensions, weights and overall cubic meterage well in advance of order despatch.

ORDERS

All orders are subject to acceptance by Oxley's Furniture Ltd and are not confirmed and accepted (by Oxley's Furniture Ltd) until the deposit is received. Notification of our acceptance will be in the form of a printed Sales Order. Please review your order carefully. The item codes contained on your Sales Order shall be the final expression of the order unless the customer notifies Oxley's Furniture Ltd in writing within five days of the date of the order of any corrections or changes to it. Accepted orders are subject to the terms and conditions set forth herein, notwithstanding any variance in terms and conditions set forth on the customer's order form.

ORDER LEAD TIME

Oxley's furniture is all hand made which sets it apart from normal mass produced products. Notwithstanding this, orders are normally available for delivery within 40 working days from the date of confirmation by deposit. An estimate of the delivery date will be written on the printed Sales Order. Delays to delivery can occur due to the seasonal nature of our products and due to the complexity of manufacturing many individual and diverse orders. The precise time of production and delivery is not a condition of sale.

TERMS

We require a 50% deposit with all orders. Payment of the balance is due prior to delivery.

CHANGES AND CANCELLATIONS

Changes and cancellations must be requested in writing to our office and are not allowed without our written consent. When production has begun, cancellation will incur a re-stocking charge. Custom pieces and adaptations to standard pieces may not be cancelled. Changes are acceptable subject to our ability to comply and may involve extra charges and delays in delivery. Completed orders that remain unpaid for a period of 6 months after the promised delivery date are considered, by default, to be cancelled and subject to deposit forfeiture and additional charges, unless a deferred delivery date has been mutually agreed upon.

STORAGE

If our customers cannot accept delivery of the furniture when it is ready we are able to store it, within reason, on the condition we are given a new week for delivery in which we can arrange a delivery day and time. Long term storage will incur storage charges.

RETURNS

Any returns regardless of reason must be approved in writing by Oxley's Furniture Ltd and are not allowed without our written consent. Returns are subject to our shipping instructions.

WARRANTY

All Oxley's furniture comes with a comprehensive product warranty – a testament to years of manufacturing experience and the use of the best materials and techniques. Our full warranty is detailed in our brochures and on our website at www.oxleys.com
