

## OXLEY'S FURNITURE

We have been producing fine cast and fabricated aluminium furniture from our Cotswold factory in England since 1991. Our components come from foundries where aluminium alloys are created by carefully refining and mixing different grades of recycled aluminium. Oxley's specialises in final construction and finishing, thereby being able to guarantee our exceptional quality.

Aluminium is the perfect material for all-weather furniture.

Metal garden furniture has been used in the English garden since the industrial revolution in the 18th century. Tables and chairs were initially cast in iron, but during the 1960s the increasing availability of aluminium meant that using this much more expensive material became viable. When aluminium is properly treated it does not rust, it is far lighter than iron so chairs and tables can be easily moved but most importantly it requires no maintenance to keep it looking good.

This metal can be cast or fabricated so there is an enormous variety of designs that are available. The quality of aluminium furniture you buy depends entirely on the amount of material that is used in manufacture and the time and care taken to prepare then coat it. Done the Oxley's way, it will last generations.

**You will never regret investing in Oxley's furniture.**

## GENERAL INFORMATION

### PRICING

Each product is priced exclusive and inclusive of UK VAT at 20%.

### DIMENSIONS

All measurements are quoted in centimetres and kilograms and are as accurate as the handmade nature of our furniture allows. Sizes for items denote the area needed to accommodate them. If the size of a particular chair seat is needed please contact us. Minor deviations from the listed size may occur from time to time and Oxley's cannot accept any liability for any such deviation. The items illustrated are not shown in scale in relation to each other.

### FURNITURE COLOURS

Oxley's furniture is available in a range of colours. The plain colours are high grade architectural polyester powder finishes which are applied electrostatically and cured in our high temperature ovens. Each plain colour comes in either a smooth or a textured finish. Our specialist finishes go through a further hand finishing process which gives them their unique and beautiful patina. The different finishes are shown in our brochure. Should you wish to see exact matches we are more than happy to send you metal colour swatches in the post.

### STANDARD FABRIC CUSHIONS

Our standard cushions are made with Sunbrella® fabric, perhaps the world's best known outdoor fabric manufacturer. Solution dyed acrylics are comfortable and shower proof, while withstanding the effects of fading from UV light, mildew, chlorine and atmospheric chemicals. The range of plain colours in our standard range is unparalleled.

### ENHANCED FABRIC CUSHIONS

Our collection of enhanced fabrics are engineered to last years without losing their unique properties:- colourfastness, durability, water and stain repellence. These fabrics provide an exceptional combination of functional strength and sensory softness. They are made from solution dyed acrylic fibres and specially developed to be strong, durable and resilient. UV pro fabrics ensure quality and longevity for years to come and they always remain soft to the touch.

As our brochure illustrates, the extensive range of fabric designs and colours mean that customers choosing enhanced fabric cushions to go with their Oxley's furniture are getting the most beautiful, yet practical and functional outdoor furniture available.

### PROTECTIVE COVERS

These are a quick and easy solution to outdoor season cushion storage. We make them for furniture featuring our sumptuously big cushions. Our protective covers are designed to withstand rain and keep cushions clean. They are not totally waterproof in very heavy weather.

## CONDITIONS OF SALE

### DELIVERY AND PACKAGING

All prices are quoted ex factory. Our furniture is delivered to customers all over the world and we can quote for delivery to any country based on the m<sup>3</sup> of the items required.

Our standard packaging has each piece of furniture individually bubble-wrapped and then encompassed in a foam protective layer. This is designed for the dedicated delivery door to door service for which we normally quote. When enhanced heavy duty packaging is required for general freight delivery we have to charge for the extra boxing. When the furniture arrives we ask all our customers to check it before signing the delivery note, to confirm that it has not been damaged in transit. Customers are also welcome to organise collection of their furniture from our factory and we will provide a full packing list with box dimensions, weights and overall cubic meterage well in advance of order despatch.

### ORDERS

All orders are subject to acceptance by Oxley's Furniture Ltd and are not confirmed and accepted (by Oxley's Furniture Ltd) until the deposit is received. Notification of our acceptance will be in the form of a printed Sales Order. Please review your order carefully. The item codes contained on your Sales Order shall be the final expression of the order unless the customer notifies Oxley's Furniture Ltd in writing within five days of the date of the order of any corrections or changes to it. Accepted orders are subject to the terms and conditions set forth herein, notwithstanding any variance in terms and conditions set forth on the customer's order form.

### ORDER LEAD TIME

Oxley's furniture is all hand made which sets it apart from normal mass produced products. Notwithstanding this, orders are normally available for delivery within 40 working days from the date of confirmation by deposit. An estimate of the delivery date will be written on the printed Sales Order. Delays to delivery can occur due to the seasonal nature of our products and due to the complexity of manufacturing many individual and diverse orders. The precise time of production and delivery is not a condition of sale.

### TERMS

We require a 50% deposit with all orders. Payment of the balance is due prior to delivery.

### CHANGES AND CANCELLATIONS

Changes and cancellations must be requested in writing to our office and are not allowed without our written consent. When production has begun, cancellation will incur a re-stocking charge. Custom pieces and adaptations to standard pieces may not be cancelled. Changes are acceptable subject to our ability to comply and may involve extra charges and delays in delivery. Completed orders that remain unpaid for a period of 6 months after the promised delivery date are considered, by default, to be cancelled and subject to deposit forfeiture and additional charges, unless a deferred delivery date has been mutually agreed upon.

### STORAGE

If our customers cannot accept delivery of the furniture when it is ready we are able to store it, within reason, on the condition we are given a new week for delivery in which we can arrange a delivery day and time. Long term storage will incur storage charges.

### RETURNS

Any returns regardless of reason must be approved in writing by Oxley's Furniture Ltd and are not allowed without our written consent. Returns are subject to our shipping instructions.

### WARRANTY

All Oxley's furniture comes with a comprehensive product warranty – a testament to years of manufacturing experience and the use of the best materials and techniques.

Our full warranty is detailed in our brochures and on our website at [www.oxleys.com](http://www.oxleys.com)
